

# Matrix Skeet / Pro Skeet

**OUR RANGE OF SKEET MACHINES IS ONE OF THE LARGEST AVAILABLE IN THE USA AND COVERS SMALL CLUB TO LARGE-CAPACITY COMMERCIAL OPERATIONS**

**MATRIX SKEET** — With high reliability, low cost, a precision circular base for angle setting and an adjustable tilt mechanism for level clay flight, the Promatic Matrix Skeet is the ideal set for small clubs and practice use. The trap is supplied with a complete set of release cables.

- Set of 2 - 300 clay capacity
- 6 column carousel
- Circular base for angle setting
- Turnbuckle for height setting
- Trap-tilting mechanism to ensure level clay flight
- Includes 110v Transformer for electrical hook-up or can be operated from a 12v battery
- Lifetime warranty on the clutch and one-way bearing; 3 year warranty on all other parts

**PRO SKEET** — Our Pro Skeet is designed to withstand the rigors of regular use, while providing all the necessary features required for competitions. Each machine is supplied with a circular base, including a tilt mechanism and a turnbuckle for fine tuning the height adjustment. A Solenoid release provides instantaneous firing and our clay locator ensures complete accuracy of targets in flight.

- Circular base for angle setting
- Turnbuckle for height setting
- Trap-tilting mechanism to ensure level clay flight
- Includes 110v Transformer for electrical hook-up or can be operated from a 12v battery
- Solenoid release for instantaneous firing
- 400 clay capacity, 8 column carousel
- Lifetime warranty on the clutch and one-way bearing; 3 year warranty on all other parts

## HINTS AND TIPS CONTROLLERS

Say goodbye to trailing wires and allow for quick course changes. High efficiency units allow for wire-less use of any Promatic launcher. Add a target counting system to ensure you get paid for every target thrown. We offer Claymate Wi-Card and Long Range Target Key systems for every shooting discipline.
