

*Merlin*

**THE MERLIN WAS DESIGNED FOR YOUTH SHOOTING BUT IS ALSO A GREAT CLUB OR PERSONAL USE MACHINE**

The Promatic *Merlin* is the perfect solution for solo shooters or full squads wanting more shooting time and less reloading at an economical price. With the 150 target carousel, the Merlin can throw a full round with 5 shooters without reloading.

The *Merlin Trap Trainer*, which includes an additional motor for side-to-side movement, allows shooters to simulate trap discipline and includes many of the same features as our commercial traps, such as our knife edge system and Stainless Steel throwing plate.

The *Merlin Wobble*, provides random wobble movement with wide throwing angles combined with distances up to 70 yards. A quick re-cocking time provides an outstanding shooting experience. The wobble base produces a rapid and smooth wobble motion by using two independent motors for horizontal and vertical oscillation. The shooter will never know when or where the next target will appear making it the perfect game simulator and trainer.

Optional Wobble Base

- Comes Standard with Cart and Battery Tray
- Powder Coated Steel Main Frame
- Stainless Steel Throwing Plate
- Stainless Steel Knife System
- 150 Target Capacity
- Throwing Distance 70 Plus Yards
